

# The Wizard

---

One day Dara , Evan, Corey, Máirtín Óg and I were at home.

We were in the living room and we were watching T.V. (It was boring).

I said "Let's play pool."

So we all went to the pool table and suddenly a strange wizard appeared. He looked ugly. We all did not see him but he spied on us.

Next, he broke our pool table. Then we wanted revenge. We robbed him, we called the guards and while we were waiting, we threw him in a cage.

Soon the guards came and put the wizard in jail.

They gave us a new pool table and only did we get a new pool table but we were rich.

## The Cliff Catastrophe

Once sunny morning, there were twins playing around the place. They were named Rebecca and Prue. Rebecca had beautiful long red hair and her eyes were as blue as the sea. Prue now, was quite different. She had long brown hair and her eyes were a beautiful brown.

Rebecca noticed it was warm and sunny. She shouted over to Prue, "Prue it's so sunny and it just looks so warm and beautiful. Let's go outside!"

Prue had a better idea, "Let's ask mum and dad can we go to the beach!" She shouted back. So off they went.

After a while they were walking along the edge of a cliff. The grass around the edge of the cliff was so warm that Prue decided to roll along it. She asked Rebecca did she want to do it too, but she didn't, and she was right. Prue was rolling too fast and she fell off the edge...

Rebecca was horrified. Then she remembered she had her mum's phone. Unfortunately, her pocket was open, and the phone had fallen out. She ran back a few metres and found it. It was broken. She ran back home because it wasn't far away. She told her parents what had happened.

Her mother was on the road in a few seconds. They were at the cliff in two minutes. There, mom lowered a rope to Prue. Prue climbed up. Luckily, only her leg was broken and they lived happily ever after.

## Puppies

It was a sunny day. I was on the Green Way with my friend Ciara. It was Ciara's birthday we went to a bike shop and got fancy bikes to cycle the Green Way.

We took off from Westport and headed down the Green Way. It was very hot so we decided to stop to take off our jumpers.

Just as we were about to hop back on our bike's we heard crying. we looked over and saw some tiny little puppies huddled beside a gate. There was no mammy dog with them.

Ciara had a mobile phone in her bag and she rang her mam. Her mam came straight away. The three of us waited but no dog returned we wrapped them in a blanket.

They were too small to keep so we brought them to a animal hospital. We were so happy we saved them.

## **The Ghost**

**One dark stormy night, there was an old dark house with a young and tall boy named Dara living in it. He was just about to go to bed when his friend David (another young and tall boy) came in and asked Dara if he could have a sleepover at his house and he said yes, but then asked him why? "Erm... There's this guy at my house and he says he's staying the night." David muttered back. After that David looked a bit suspicious so Dara kept a close eye on him. Dara looked at the clock and it was ten o'clock so it was time to go to bed. Suddenly, the curtains started flapping, the fire went out and a ghost appeared out of nowhere. So David and Dara woke up to find the ghost get a sword and stick it in both of their hands. They screamed with pain while the ghost laughed with delight. Then the ghost shot them in the leg and threw them out the window. "Sorry Dara, but I lied to you, there was no stupid guy at my house, I was just being bold and my mother kicked me outside so I ran away!" screamed David. Well that was no good advice right now so they limped upstairs (listening to David say that we couldn't take it down because it was ruthless) got a ghost proof box, locked the ghost inside it and threw it into the slurry. One year later, they woke up in hospital with their wounds healed. David and Dara were glad to be back in the normal world. Just then Dara noticed it was his birthday so there was a cake and presents on his bed. Dara thought it was a great way to wake up and it was. THE END.**

### The Poor Robin

One bleak winter night when it was cold and foggy, Elsie and her Mum were to look for some holly. So they put on their gloves, hats and coats. After putting on their raingear, they headed out the door. It was snowing. They found a freezing little robin buried in the snow.

They picked him up and put the little robin into Elsie's glove.

"Let's bring him to the vet" Elsie said.

So they started to run. They ran for almost two hours.

Finally, they got there. The only problem was the vet was closed. So Elsie checked if the robin was ok.

Suddenly something snatched the robin.

"Oh no", Elsie said.

It was a ginger cat. They both shouted stop, but he didn't listen.

"What will we do? Elsie shouted.

"We will run after him," Mum said.

So they ran and ran and ran and the cat went in under a bush. Elsie and her Mum hid behind the bush. They nearly caught the cat and the cat let go of the robin. They crept into the bush and grabbed the robin then ran to the next vet. They were open. They cured the robin. He flew away. They went walking home happily and all went to bed happily too even though they forgot to get the holly.

"I hope that never happens again" said Mum.
