

Special Clothes

Nurses, doctors and helpers wear special clothes when people are sick.

Some children can feel a little bit scared when they see the nurse.

The nurses wear the special outfits so they don't get sick.

This is a Beekeeper. Just like the nurse, the Beekeeper wears special clothes to keep them safe.

There is no need to be scared of the special clothes. They help the nurse do their job, just like the beekeeper!

The nurse wears a mask on their nose and mouth. This stops dirt and germs getting into their mouth.

The nurse wears a special plastic mask on their face to keep dirt out. This also helps to keep their eyes nice and clean.

The nurse wears a special dress called a "gown". This keeps their clothes clean, like when we wear an apron for painting or cooking.

The nurse wears special gloves so they can keep their hands nice a clean.

The clothes that the nurse wears might look a bit scary, but they are just like a superhero suit! There is no need to worry about these special clothes.
